

# CORDED RESCUE LINERS

## Optimal moisture control with heavy-duty reinforced vapor barrier for enhanced safety and durability

- ▶ Reinforced plastic sheeting for superior durability
- ▶ Fire-rated additives enhance safety
- ▶ Bright white appearance prevents mildew and mold
- ▶ Efficiently reduces energy costs

Our Corded Rescue Liners offer robust vapor barrier protection for superior moisture control. Crafted from reinforced plastic sheeting, it features heavy-duty multi-ply cord reinforcement and fire-rated additives for enhanced safety. Its bright white appearance with a blue reverse side prevents mildew, mold, and structural rot while reducing energy costs. Choose reliability and durability with our Corded Rescue Liner for your vapor barrier needs.
