

FRS CLEANER PRODUCTS

FRS-Cleaner

Restore ▪ Revitalize ▪ Protect

- ▶ FRS-Cleaner uses 7% peroxide to quickly eliminate stains and restore surfaces.
- ▶ Biodegradable and free from bleach or acid, it's safe for your home and the environment.
- ▶ Made in the USA, FRS-Cleaner requires minimal scrubbing and continues working after application, leaving no toxic residue.
- ▶ Perfect for crawlspaces, decks, concrete, and more, it's the eco-friendly way to clean and revitalize your space.

Product # FRS-Cleaner-01

FRS-Pro Cleaner

Maximum Cleaning Power ▪ Tough on Stains
Safe for the Environment

- ▶ FRS-PRO Cleaner delivers professional-grade cleaning with 17% peroxide, making it ideal for tough stains and sun-damaged surfaces.
- ▶ This biodegradable formula targets organic stains, requires minimal scrubbing, and keeps working long after application.
- ▶ Free from bleach and acid, it's safe for your home and the environment.
- ▶ Proudly made in the USA, FRS-PRO Cleaner is perfect for demanding tasks on surfaces like crawlspaces, decks, concrete, and more. For powerful, eco-conscious cleaning, FRS-PRO Cleaner gets the job done right.

Product # FRS-PRO-01

FRS-Cleaner and FRS-PRO Cleaner are ideal for removing organic stains, mold, and mildew from crawlspace surfaces, such as wood framing, joists, block walls, and vapor barriers. These cleaners penetrate deeply to eliminate buildup without the need for heavy scrubbing, leaving the crawlspace clean and free of harmful residues. After cleaning, FRS-Protectant can be applied to wooden surfaces, like floor joists and framing, to provide long-lasting mold and mildew resistance. Together, these products ensure a cleaner, healthier, and more protected crawlspace environment.

FRS CLEANER PRODUCTS

FRS-Pro Protection

Professional ▪ Grade Mold and Mildew Protection

- ▶ FRS-Pro Protection is a high-performance mold-resistant coating designed for interior surfaces. Ideal for use on millwork, framing trusses, framing lumber, engineered beams, drywall, and more, clean and revitalize your space.
- ▶ FRS-Pro Protection provides long-lasting, water-resistant protection without interfering with the lumber drying process.
- ▶ This fast-drying coating penetrates deeply into wooden surfaces to deliver virtually indestructible protection against mold and mildew.
