

FOUNDATION RESCUE DRAIN MATTING

6' x 50'-6" Product # FRDM6
8' x 50'-6" Product # FRDM8

- ▶ Utilizes air gap technology for long-lasting moisture protection
- ▶ Vacuum-formed dimpled pattern creates an air gap, allowing water to drain effectively
- ▶ Offset dimples ensure durability, compressive strength, and impact resistance

Superior moisture protection for crawlspaces and basements, ensuring peace of mind for homeowners and builders

Our dimpled membrane provides extensive moisture protection for crawlspaces and basements. Utilizing Air-gap Technology, it ensures durability by bridging cracks and minimizing warranty claims. With a co-extrusion process and offset dimples, it guarantees superior strength and impact resistance, offering unmatched performance.

Rescue Mat Stake Kit

- ▶ Ensures secure installation of crawlspace liner on uneven terrain
- ▶ Smooths out wrinkles for a professional finish
- ▶ Compatible with 4" rescue mat seam tape for seamless concealment

Product # FRDStake
