

1/3 HP CAST IRON PUMP: POWER, DURABILITY, AND AUTOMATIC PERFORMANCE YOU CAN TRUST

Product # CIS-33V

- ▶ High Flow Rate: 1/3 HP pump delivers up to 4,000 GPH (66.7 GPM) at 0 feet and 3,200 GPH (53.3 GPM) at 10 feet.
- ▶ Durable Design: Cast iron housing and impeller for long-lasting performance.
- ▶ Automatic Function: Features an automatic vertical float switch for hands-free operation.
- ▶ Thermal Protection: Motor includes thermal overload protection to prevent overheating.
- ▶ Check valve required. Rescue check valve quick connect NOT included.

The CIS-33V Cast Iron Pump offers powerful performance with a flow rate of up to 4,000 GPH and operates at 5.0 amps. Built for durability with rugged cast iron construction, it features a 10 ft cord, an automatic float switch, and thermal protection for added reliability. Check valve not included. Comes with a 3-year limited warranty starting from the time of installation, ensuring peace of mind.

1/2 HP CAST IRON PUMP: UNMATCHED POWER, DURABILITY, AND AUTOMATIC EFFICIENCY FOR HEAVY-DUTY PERFORMANCE

Product # CIS-50V

- ▶ High Power: 1/2 HP motor delivers up to 4,300 GPH (71.6 GPM) at 0 feet.
- ▶ Durable Build: Features a robust cast iron housing and impeller for long-lasting performance.
- ▶ Automatic Operation: Equipped with an automatic vertical float switch for hands-free functionality.
- ▶ Extended Cord: Comes with a 10 ft power cord for flexible installation.
- ▶ Check Valve Not Included: Check valve must be purchased separately.
- ▶ Covered by a 3-year limited warranty starting from installation.

The CIS-50V Cast Iron Pump delivers powerful performance with a 1/2 HP motor and a flow rate of up to 4,300 GPH. Built with durable cast iron construction, it features a 10 ft cord, an automatic float switch, and thermal protection for safe operation. Check valve not included. Comes with a 3-year limited warranty starting from installation, offering reliable, long-term use.

APRILAIRE E050 DEHUMIDIFIER

Efficiently controls crawlspace humidity and provides a healthier environment

- ▶ Controls humidity levels in crawl spaces, guarding against damage, pests, and mold
- ▶ Promotes a healthier environment with dependable, energy-efficient operation at 5.8 amps
- ▶ Compact size: 33"l x 12 1/2"w x 12 1/2"h, ideal for crawl spaces
- ▶ Includes washable MERV 8 filter and 5-year warranty
- ▶ Removes up to 50 pints of moisture per day
- ▶ Treats up to 2,200 sq ft.

Product # E050

The Aprilaire E050 Crawl Space Dehumidifier efficiently controls humidity levels, protecting against structural damage, pests, and mold. Its operation involves dehumidifying incoming air and circulating it to ensure even humidity and temperature distribution. With built-in digital control and various features such as a washable filter and corrosion-resistant coils, it offers reliable performance and a comfortable environment in crawl spaces.
