

WOVEN RESCUE LINERS

Sturdy vapor barrier for comprehensive protection against radon, moisture, mold, and mildew

- ▶ Protection against moisture, mold, and mildew
- ▶ Superior tear strength and puncture resistance
- ▶ Ideal for crawl space and basement installations
- ▶ Lifetime warranty

Available sizes and thickness

The Woven Rescue Liner offers superior tear strength, puncture resistance, and moisture control. It protects against moisture, mold, and mildew. With double the puncture resistance and superior tear resistance compared to other liners, it is lighter and easier to manage. It blocks harmful gases, preventing crawl space degradation. Ideal for crawl space and basement wall installations.
